

THE OLD AND NEW - Charles Brooks, extreme right, demonstrates the old familiar method of harvesting cotton as Jim Ulicnik drives a cotton stripper on the Anton Moraw farm near Cameron. The waist high cotton is making better than a bale to

the acre. The cost of gathering the cotton by hand is about \$30 a bale compared to ten dollars by machine. The damage Hurricane Carla did to the crop was described by Moraw: "It sure didn't help it".

-- Stafffoto

This Is 102

By FML

Milam's National Guard unit, about half of which is Cameron residents, is much in the middle of the news.

Last week they were active in assisting Hurricane Carla's refugees in the Cameron area. This week they are active, period.

The unrest of Berlin and the UN all means a lot more to 10,000 Texas Guardsmen and their families this week.

Many of the boys are taking the sudden activation in good stride. It was only two weeks ago that they were alerted. Many of them expected a call by the first of December.

102 - 102 - 102

Cameron's football fortunes took a rise Friday night as the Yoemen looked good at Rogers. Long distance gains were a feature of the win with Bayer, Doskocil and Wallace racking up some long runs. It's Elgin Friday night there.

102 - 102 - 102

There's a number of letters of appreciation that were sent to Cameron, the Police Department and private citizens here who helped care for Hurricane Carla's refugees.

We noted one on the bulletin board at the Cameron Police Dept's office in City Hall.

Another, written by a resident of East Bernard, is on an inside page of The Herald. It tells of special efforts by some individual families and commends the whole town's efforts.

Milam To Raise \$1,228 For Aid

Milam County is raising a suggested goal of \$1,228 as a part of Texas' Red Cross disaster fund for use in South Texas.

And used clothing is being collected for distribution among Hurricane Carla's victims.

H. D. Maxwell, chairman of the Milam Red Cross program, was notified by Red Cross officials that Texas is working toward a million relief fund specifically for use in the stricken areas of Gulf Coast Texas.

He said that used clothing may be sent to the old Sunday School Annex of the First Baptist Church which is serving as the collection center.

All good used clothing, shoes and blankets are needed, Maxwell added.

F. A. Marek, of Cameron, has donated \$200 for disaster funds as one of the first to give to Carla's victims who have returned

'Costs Per Bale . . .

Moraw Gets Bale To Acre

"Cost per bale -- that's the way I figure my costs in raising cotton," says Anton Moraw, who farms 136 acres of cotton near Cameron.

"I may spend as much as \$30 an acre for spraying to control insects. Since I make a bale to the acre, that figures \$30 a bale. Other farmers may spend not more than \$10 an acre for spraying, but they do well to make a quarter of a bale. That comes to \$40 a bale."

Moraw does not make his bale an acre cotton by accident. His four practices are a part of a series of demonstrations which county agent J. D. Moore is sponsoring

in Milam County.

THREE COTTON PROJECTS
Moore, who has a rather analytical turn of mind, explains the areas of management decisions this way:

"There are three areas which cotton growers must explore. Two of these the farmer has no way of controlling. One is the weather which he must accept as it comes, adjusting his management to fit the conditions. The other is government legislation which the cotton grower seeks to follow, making his management decisions to comply with existing requirements. The third is the cotton grower's own management area for which he is personally responsible."

This third area is the one in

which Moraw moves freely to match his wits with nature -- or against, however the situation may be. In this area, he selects the best variety of cotton that will meet his requirements; he will fertilize to the extent that his investment will pay off; he will control the insects and he will use the cultural practices which bring least investment in cash and time. This is without mining his soil to make it.

Moraw's land is no better nor worse than most Texas blacklands. It is a deep, black, clay - loam soil that responds to fertilizer. He has been farming 400 acres since 1948. He bought his first stock in the Bryan Production Credit Association in 1940.

A SELF DECISION

"A cotton grower must decide for himself if he wants to make a quarter - bale crop or less, or if he wants to climb up into the bale an acre class," Moore insists. "Moraw's cotton crop is a good example of the practices he must follow if a grower wants to fit the bale an acre class."

Moraw begins his new cotton crop just as the old is being shredded and turned under. If he is growing grain sorghum, he adds 125 pounds to the area of ammonium nitrate to the stubble and plows it under.

This provides a good start in

(Continued On Page 11)

Odessa Firm Drilling Well In SE Milam

Milam County, which has had little oil activity since the first of the year, has a new wildcat scheduled for the southeast part of the county and another test, rigged up in the Minerva - Rockdale shallow field.

The Alps Oil Company of Odessa will drill a 4,000 foot test on the Ray Woods tract about four and one-half miles south east of Milano, the San Antonio Express oil editor, Nancy Heard, reported in her column late last week.

Location of the wildcat is on a 101 acre lease in the James Welch Survey. It is a part of a 1400 acre lease block assembled several years ago in that area.

And rig was moved in last week by Houston - Oklahoma Oil Company for a 1400 foot shallow well to be drilled on the Dr. E. H. O'Neal led in the Griffin Chapel area about three miles northwest of Milano. This test will be an offset to the Mack Production Company No. 1 Cavit which was brought in as a 15 barrel a day producer about the first of the year. It is located on the north west corner of the O'Neal tract, which has eight other producing wells.

Cameron Lions Plan Annual Broom Sale

The Cameron Lions Club will hold an annual Broom Sale Tuesday, October 3 and advance sales in preparation for this fund raising project will be carried on next week.

Officials of the club have stated that the proceeds from this sale of brooms and other standard household items will be used to carry on the charitable and civic work of the Lions Club.

Some of the clubs projects are free glasses for needy persons, a wheel chair loan program and the newly established scholarship plan.

Items to be sold are made by the blind at the Lighthouse for the Blind in Houston.

Milam Unit Called

66 GUARDSMEN PREPARING FOR NEW ROLES

When October 15 comes, Milam's Company C, Third Medium Tank Battalion, goes on active duty.

It means the departure of 66 countians, among the 10,000 Texans heading for Camp Polk, La. for at least a year, probably until international tensions are eased.

Organized in 1948, Company C has never before been called to active duty. Two of the original unit members, First Sgt. Pete Kunz and Platoon Sgt. Denson Crouch, are still in the unit.

But now it's active duty for Company C and its parent units up the line. The Milam unit will leave its two - year old Armory, one of the newest in Texas, for duty at Camp Polk, a major training installation during World War II and the Korean War.

PLANS NOT COMPLETE

Capt. James T. Terry did not have full information Tuesday night on the 49th's plans beyond the call to active duty. It was too soon for complete planning.

The job of caring for personal problems, jobs, homes and other civilian obligations became the first task for the Guardsmen. Most of them are young family men.

Here is a roster of Company C personnel:

Capt. Terry, Lt. Joel R. McClaren, 1st Sgt. Peter F. Kunz, Platoon Sgt. Denson Crouch, Sgt. W. K. Leonard, Sgt. Johnnie W. Elsenburg, Sgt. Stanley Gless, Sgt. Terry Hardwick, Sgt. James Hollas, Sgt. Louis Krenke, Sgt. Eugene Marak, Sgt. Joe Vybiral, Sgt. Eugene Hubnik, Sgt. Rudolph Tepera, Sp5 Trine Alvarez, Sp5 Doyle Armstrong, Sp5 Henry Hubnik, Sp5 Benjie Juergens, Sp5 Calvin Kraemer, Sp4 Harlan Mees, Sp4 Daniel Hromick, Sp4 Stanley Hubnik, Sp4 Fabian Klecka, Jr., Sp4 Maurice Woytek, Pfc. Milton Hubnik, Pfc. William Kelm, Pfc. Johnny Klecka, Pfc. Leland Taylor, Pfc. Leon Terry, Pfc. Roger Terry, Pvt. Lee Hollas, Pvt. Kenneth Caldwell, all of Cameron.

OUT OF CAMERON

Sgt. Jimmy Thompson, Sp5 Billy Kopsky, Sp4 Stanley Betchan, Sp4 Bill Cooke, Sp4 Charles Kunkel, Sp4 Thomas Polk all of Rockdale. Lt. Verner Wunsch, Sgt. John Culp, Sp5 Billy Dodson, Sp4 Ladis Dohnalik, Pfc. Sanford Caffey and Pfc. Eugene Schiller, all of Temple.

Sgt. Edmund Brady, Sgt. Jimmy Cooke, Sp5 James Hairston, all of Hearne; Sgt. John R. Caffey and Sgt. Bobby Powell, both of Austin; Pfc. John Pitrucha, Rosebud Pfc. Jimmie Love, Sharp; Sp4 Bill Kostroun, Waco; Sp4 Kenneth Bonnds, Milano; Sp5 Alvin Baggerly, Marlin; Sgt. Daniel Michkan, Cameron. Sgt. Charles Burnett, Bryan and Lt. Donald Mitcham, Caldwell.

Council Approves \$272,695 Budget

The City Council Tuesday approved a \$272,695.60 budget in a public budget hearing at City Hall. It goes into effect October 1.

The Council also authorized the purchase of 1962 Ford police car from Hefley Stedman Motor Co., and discussed problems of hauling excess trash and debris for Cameron residents.

Valuations in the new budget, up about \$7,000 over the 1961 budget was reduced by about \$90,000 from last year's \$5,238,360 to the new \$5,238,965.

The general fund budget totaled \$147,923.14, almost the same figure as last year but up \$800.

WATER REVENUE
Other major budget totals include anticipated revenue of \$102,852.21 for the Cameron Water Dept., \$24,616.51 for the Cameron Sewer Dept. and \$2,383.77 for the Municipal Swimming Pool.

The general fund this year includes carryovers of \$30,997.31 from the general fund and surplus street paving funds of \$2,220.84.

Ray Williamson, 39, Succeeds Hoskins As Police Chief

A Bryan police detective has succeeded Elvin Hoskins as Cameron police chief.

Hoskins, in the post for 11 months, resigned last week to accept a similar post in West Columbia, a town of about 4,500 in South Texas.

He told The Herald that he was making the move to earn a better salary. He said he had enjoyed living and working in Cameron.

Ray Williamson, former head of the Bryan police detective bureau is the new chief, Williamson 39, is married and has four children. He began his new duties Monday.

Hoskins also began his chief's duties in West Columbia Monday. He had recommended Williamson to the City Council, who in special session, hired him last week.

Williamson has headed the Bryan Detective Bureau for the past seven years. He has 13 years of police experience. He said he would move to Cameron as soon as he located a residence.

Hoskins had worked as police chief here for almost a year. He came in following Council action that asked for resignations of a former chief and staff members. Hoskins expressed his appreciation to the people of Cameron for their co - operation during his tour of duty as chief of police here.

Mayor Coleman Duncum and councilmen were high in their praise of Hoskins work.

Major items in the general fund are \$77,117.57 from the \$1.06 tax rate, plus carryovers and \$83,470 income from various tax and collection sources and transfer of bond money from 1957 sewer and water bonds.

City officials listed seven special projects for completion during the new fiscal year:

Remove culverts and correcting damage; paving First Street from Crockett to College; paving and retopping West Main from Crockett to SP Railroad; Double penetration for undesignated area; paving Twelfth Street from Jackson Avenue to Harding Avenue; repairing topping College Avenue from West Main to Batte Street; and paving and curbing around Newton Memorial Hospital.

MAJOR BUDGETS

Major department budgets include: Street department, \$34,880.97; sanitation, \$18,792.24; cemetery, \$1,885; recreation, \$1,920; police department, \$23,040; fire department, \$3,000; and officials salaries, \$16,170.

All the above budget items are substantially the same as in the past year.

And final items in the general budget included \$8,544.97 to finish paying for a new fire truck, and a \$2,541.45 contingency fund.

City cash balances listed in the approved budget are: general fund, \$30,997.31; street fund, \$2,220.84; water department, \$30,913.25; sewer department, \$11,149.12; swimming pool, \$623.77.

Firemen Fight 2 Recent Blazes

Cameron firemen were called to two fires recently. They fought a blaze at Cotton Bryant's September 12 after a short in wiring in a neon sign caused some rafters to burn.

And firemen fought a blaze on the Emil Sebesta estate where an empty barn was burning. The roof burned off, during the fire September 13.

Rev. Haley To Head Ministerial Group

Rev. Kenneth C. Haley was elected president of the Cameron Ministerial Association at a meeting of the group last week at the Battetown Baptist Church. Rev. Haley is pastor of the First Christian Church.

Also elected to office in the Association were Rev. E. L. Strickland, vice president, pastor of the First Presbyterian Church and Rev. H. L. Bowley, secretary, pastor of the Assembly of God Church.

49TH ARMORED ACTIVATED FOR OCT. 15 DUTY

Milam's Company C, Third Medium Tank Battalion, a part of Texas' activated 49th National Guard Armored Division, has been ordered into regular Army duty.

Official word came Tuesday from Sec. of Defense Robert S. McNamara that the Texas division, comprising some 10,000 men, and Wisconsin's 32nd Infantry Division will go on active duty October 15 at Fort Polk, La.

The announcement followed an alert just two weeks ago. Two other Guard infantry divisions -- the 26th from Massachusetts and the 28th from Pennsylvania -- were alerted then, but not called this week.

66 MILAM MEN

Sixty - six Guardsmen in the Milam Guard unit, operating from the Cameron Guard Armory, will be called to active duty.

Other cities and towns across Texas have been affected by the Armored, eight other Guard and Army Reserve company or platoon units have been called.

Officials in Washington said the immediate call was due to the tense international situation in Germany and the United Nations, whose secretary - general, Dag Hammarskjold, died in a plane crash Monday.

Activation had been expected for the 49th Armored around December 1, officials said.

32 FROM CAMERON

Cameron will be heaviest hit by the call. Thirty - two of the unit, including Capt. James T. Terry, commanding officer of the unit. Lt. Joel R. McClaren and most of the non - commissioned officers are from Cameron.

But no other plans were official beyond that.

Capt. Terry said that the National Guard Board, with headquarters in Austin, would control the operation of Guard Armory in Cameron while the Milam unit is on active duty.

Firemen Taking Training Course

Cameron firemen are participating in a 15 - hour course on fire-fighting taught by Tom Robinson, fireman's training school instructor with the Texas A & M extension program.

The course which started Monday night, will be held each week for five weeks.

Also at Monday nights meeting the Volunteer Firemen elected new officers. Tommy Kirk will serve as president, John Andres, secretary and Joe Nathan Lewis Jr. was named Mascot.

Watershed Voting Due

Voters in the Elm Creek Watershed will vote Saturday on the adoption of a \$100,000 bond issue to pave the way for construction of \$5.5 millions in flood retarding dams.

Officials of the eight - man Watershed board point out a number of major benefits which voters in the four county district - Bell, Milam and small segments of McLennan and Falls County.

Approval of the bond issue would clear the way for construction of 60 dams, planned to control watershed erosion, crop and road damage in an area extending northward from Cameron to a point north of Troy in McLennan County.

SECOND VOTE

It will be the second bond issue considered by watershed property owners. A \$200,000 bond issue was considered by Watershed property turned down by only 23 votes in 1960.

About one - third of the Watershed will be built along Elm Creek and tributaries in Milam County. Major benefits along the Watershed would include:

ONE - Providing a water supply for farm use and irrigation.

TWO - An estimated \$340,000 savings in crop damage, erosion and sediment damage to Central Texas farmers.

THREE - Reduction of flood and siltation hazards on 20,000 acres of land each year.

FOUR - Higher land values in

the Watershed and additional recreation sites for hunting, fishing and camping.

FIVE - Establishment of a

AN EDITORIAL

The Herald's accompanying story tells what the Elm Creek Watershed will be and will do if the vote carries in its favor.

For about 90 years, since that northwest area of Milam County in the four-county Watershed has been tilled, it has had water problems. Too much or too little. But the richness of the soil and the sweat of the hardworking farmer made it, despite the weather.

Farming, like everything else, has changed. Without every tool at his command, the farmer is hard put to handle the situation. Some property owners in the Watershed feel that they do not need water controls, that their taxes will benefit only others.

But consider this, Mr. Elm Creek property owner. There is famine in this world. There are conditions which may precipitate war. And every piece of tillable land will someday be in production again. Why not plan for the future now?

We can find fault with any issue anytime. Some find fault with this issue. But the basic issue, of improving an area not just for a Watershed, but for food and fibre, is worth considering well.

All you have is not in that land or in a 25-cent per \$100 tax. A whole lot of it is what comes out each year in crops. And water, harnessed and properly directed, decides most of that. This program can reward many much more in the years to come.

permanent and balanced agriculture by returning idle land to production in cash crops, raising production on corn, in an example cited by Watershed officials, where irrigated corn produced up to 197 bushels per acre.

Watershed directors emphasize that 25 miles of Elm Creek channel will be straightened and improved in addition to construction of the 60 dams.

And the \$5.5 millions spent in federal funds will provide permanent facilities for farm use, fishing, hunting, boating and irrigation.

\$100,000 ISSUE

The \$100,000 bond issue is being proposed on a basis of 25 cents per \$100 valuation. When the new tax is voted, the present 10-cent tax becomes void.

Twenty - one Watershed dams would be built in the Milam County end of the project. Structures would control water flow along South Elm, Big Elm Creek, Cow Creek and North Elm.

Directors of the Elm Creek Watershed are: K. D. Buster Griffin, president, of Yarellton; Jim Reddin, vice - president, Troy; E. A. Perrin, secretary, Cameron; Edwin Smith, treasurer, Rogers; David Hagyard, Rt. 4, Temple; A. A. Stavino, Temple; Frank Maruna, Temple; and A. C. Akridge, Troy.

Clarkson Alfred Kohrings Host Guests For Recent Visit

By Mrs. J. A. Blasienz

Mrs. Bill Kohring and Loyd and Mrs. Charles Ray Kohring of Holland and Mr. and Mrs. Lee Roy Kohring of Temple have been recent guests of Mr. and Mrs. Alfred Kohring.

Mrs. Jack Black and Dennis of Port Lavaca visited with Mr. and Mrs. Dewey Black and Frank during Hurricane Carla.

Annette Dodd daughter of Mr. and Mrs. George Dodd left last Sunday for Brownwood where she will attend Howard Payne College.

Mr. and Mrs. Otto Mayer, Jerry and Terry visited in Waco Wednesday with Mr. and Mrs. Melvin Bavis.

Mr. and Mrs. Charles Burnett of Bryan Mr. and Mrs. Jimmy Harrison and children of Rosebud, and Harvey Furnash of Waco have been visiting Mr. and Mrs. Bill Harrison and Billy Jack.

Miss Patricia Wimberly a student of Baylor University in Waco, visited her parents Mr. and Mrs. John Wimberly Sunday.

Mr. and Mrs. Harding White and children of Freeport were in the home of Mr. and Mrs. Charlie Vitek during Hurricane Carla.

Mrs. V. D. Dodd had as guests last week end her daughter Inez Dodd and granddaughter Linda and Mary Jo Fidelity of Ft. Worth.

Mr. and Mrs. Otto Mayer accompanied Mrs. Celia McSherry of Burlington to Temple Thursday on business. They also visited in the Lawrence Kostroun home.

Mrs. Oran Casey of Cedar Spring spent Thursday with Mr. and Mrs. Hubert Skala and Kelvin.

Mr. and Mrs. J. A. Blasienz had as guests Friday Mrs. L. L. Chapman and Mrs. Paul Robertson of Rosebud.

Billy Jack Harrison spent Sat. night in Rosebud with Mr. and Mrs. Jimmy Harrison and children.

One out of every 10 tornadoes in the U. S. hits Texas.

Ben Arnold Californians In Swanzy Home

By Mrs. A. T. Swanzy

Mr. and Mrs. Paul Swanzy and children of California; Mr. and Mrs. Charles O'Queen and sons of Dallas were recent guests of Mr. and Mrs. L. A. Swanzy.

Hurricane Carla did quite a lot of damage in the community to crops and mostly buildings.

Rev. and Mrs. Charles Cook, Karon and Edwin were Sunday guests of Mr. and Mrs. L. A. Swanzy.

Mr. and Mrs. Jack Lowry and son of Waco were Sunday guests of Mr. and Mrs. Alec Henderson.

Mr. and Mrs. Sonny Swanzy, Don and Joy were Sunday guests in Hearne of Mr. and Mrs. Bill Sweet and Billy.

Mr. and Mrs. Lee Hall of Buckholts were guests of Mr. and Mrs. Walter Strickler.

Mr. and Mrs. Walter Strickler, Mr. and Mrs. M. D. Swanzy visited Mr. and Mrs. Lee Hall of Buckholts on Friday morning of last week.

Sharp Mrs. Henderson In Pasadena

Miss Louise Henderson is visiting relatives in Pasadena.

Mr. and Mrs. George Triggs made a business trip to Magnolia Beach.

Mr. and Mrs. Anton Vybril and daughter, Rena of Dallas spent Sunday with their family, the H. F. Langes.

Guests Sunday in the Geo. L. Schroeder home Sunday were Mr. and Mrs. B. A. Miller and sons of Lexington; Mr. and Mrs. Arthur Inge and children of Buckholts.

Mr. and Mrs. Emil Hoppe Thorndale Mr. and Mrs. Carroll Jungmann and daughter Cameron; Edgar Hoppe and son Rockdale; Mr. and Mrs. Bill Pugh, Austin.

New Physical Education Program Underway For Yoe Students

A new Yoe High School Physical Education program went into effect last week under the direction of Coach Jack Larimore and Miss Dallis Young.

The program, designed by the American Association for Health, Physical Education and Recreation, will take in over 100 high school age boys and about the same number of girls.

Larimore, instructor of three P. E. classes, told the Herald that he had been instructed to "get ready for war" and that the AAHPER program was an established one that would be put into use in many schools across the nation.

This sudden upstart interest in fitness of our youth is a result of recent statistics that show the poor condition the average American youth is in.

All P. E. Students, girls and boys are being given tests, included are pull - ups, sit - ups, shuttle run, standing broad jump, 50 yard dash, softball throw for distance and a 600 yard runwalk.

Near the middle of the year these tests will be repeated and given still another time at year's end to recognize improvement by the group or individuals.

Tracy Ben Kraatz Host Dallas Guests Saturday

By Mrs. Florence Spiegel

Ben Kraatz and children, Ricky and Barbara of Dallas spent Saturday night with their parents, Mr. and Mrs. Ben F. Kraatz.

Weekend guests in the Ray Green home were Joe B. Dunham of Pasadena, Wilbert Dunham of Brown and Mr. and Mrs. T. C. Lawsons of Temple.

Mr. and Mrs. John Fischer and Son, Scotty and Allan Lawrence were here from Austin for a weekend visit with their family, the G. A. Lawrences.

Mrs. Lenza Caffey, Mr. and Mrs. Dallas Duncan of Rockdale and Mrs. Andrew Garner of San Gabriel visited with their mother, Mrs. Josephine Duncan in Austin Sunday.

Mr. and Mrs. Roy L. Green and Mr. and Mrs. J. E. Nabours were recent business visitors in Temple.

Mr. and Mrs. Jim Bartlett and Mr. and Mrs. Jim Bartlett and children of Groesbeck recently visited Mr. and Mrs. Cecil Plate, in Littlefield and Mr. and Mrs. W. M. Rhyne at Lubbock. Guests at the weekend in the Bartlett home were Miss Dolores Bartlett of Austin and Mr. and Mrs. Carey Moses of Mission.

Mr. and Mrs. Eugene McCormick and children of Friendship visited with their family, the A. T. Smiths Sunday.

Maysfield Navasota Guests In Weems Home

Mr. and Mrs. Dick Loftin and son of Navasota visited her father and brother Milton Weems and Harvey Sunday.

Mr. and Mrs. Garland Williams of Houston spent last Sunday with her parents Mr. and Mrs. E. S. Hollingsworth.

Mrs. Dottie Wiese of Calvert visited Mrs. W. C. Cooper Sunday.

Mrs. Dick Thweatt and Mrs. Herbert Thweatt visited their aunt Mrs. Henry Ashcraft at Buckholts Sun.

Mr. and Mrs. Leroy Massengale Mrs. H. W. Massengale visited the Lannis Pettys at Sharp Sunday.

Mr. and Mrs. Tommy Vaughn, Mrs. Doris Gleason, Mrs. Ralph Massengale, Mr. McConnell of Freeport and Mr. and Mrs. Bill Wise and children of Angleton were among those who spent the duration of the hurricane Carla with relatives and friends in Maysfield.

Buckholts 4-H's

The Buckholts 4-H club elected its officers Sept. 15 at its first meeting.

The officers are Calvin Shenkir president, Don Glaser, vice - president, Tommy Gresak, secretary, Frankie Tomascik, reporter, Larry Kudlacek, song leader, Larry Shenkir Council delegate and the adult leaders are Mr. and Mrs. Arnold Glaser and Mr. and Mrs. Waymond Gresak.

Elect New Officers

The officers are Calvin Shenkir president, Don Glaser, vice - president, Tommy Gresak, secretary, Frankie Tomascik, reporter, Larry Kudlacek, song leader, Larry Shenkir Council delegate and the adult leaders are Mr. and Mrs. Arnold Glaser and Mr. and Mrs. Waymond Gresak.

Schulzs Visit Relatives Here

By Mrs. George Logan
Mr. and Mrs. Lanier Schulz and family of Killen were guests of relatives here and at Rosebud. Mr. and Mrs. Schulz accompanied their daughter Miss Francis to Denton Sunday where she entered College.

Rev. and Mrs. Bob Parker have moved to Ft. Worth from Waco and he has entered the seminary. He will continue to come to Burlington and preach at the Baptist church on Sunday and Sunday night. Sunday School begins 10 a. m. and night church service at 7 p. m.

S-Sgt. and Mrs. Harry Chollett and sons of Waco spent last weekend here with his parents Mr. and Mrs. Elmo Chollett.

Mrs. Frank Rogers learned Thursday that her water pump had been stolen from her pump house on her farm near Burlington. So far it has not been located.

Mr. and Mrs. Thomas Wilcoxon and daughter Janet of Dallas came Friday night for a weekend visit to her parents Mr. and Mrs. A. E. Hensel. On Sunday morning the following of their children and grandchildren came and spent the day: Mr. and Mrs. Elgin Hensel and family of Rosebud Mr. and Mrs. Leon Hensel and family of Waco, Mr. and Mrs. Rudy Wunsch and Harlan of Barclay.

Mr. and Mrs. Charles Garner and son Butch of Austin spent last weekend here with her parents Mr. and Mrs. Charlie Litzman.

Mr. and Mrs. Curtis Newman of Belton spent Thursday here with Mr. and Mrs. Ray Schonhoeft and Eldon.

A miscellaneous shower was given in honor of Mrs. Ernestine McGoldrick at the Burlington Recreation hall Sunday from 2 to 4 p. m. Mrs. Bill Heugatter and Mrs. Johnnie Horton had charge.

Mr. and Mrs. Roel Brugeler are the parents of a boy born Sept. 15.

Miss Ruth Barkemeyer left for Denton College Saturday after three weeks spent with her parents and sister Georgia. She was accompanied to Denton by her parents who returned home Saturday night.

Mrs. Henrietta Hagerty and family had the following visitors recently: Mr. and Mrs. Le Roy Grall and family and Mr. and Mrs. Kenneth Cornell and friends, Mr. and Mrs. Thomas Snow and son Kenneth of Houston, Mr. and Mrs. A. E. Taugler of San Antonio.

Mr. and Mrs. Nic Krause of Tulsa, Okla., spent a week here with relatives.

Mr. and Mrs. Herman Schulz of Burlington have had some work done on their houses in Rosebud.

Mr. and Mrs. Henry Boehme and family of La Marque have been here in the home of his parents Mr. and Mrs. Charlie Boehme and her parents Mr. and Mrs. Otto Becker for a week.

Mr. and Mrs. Clarence Boehme and family of Channelview were here in the Charlie Boehme home from Sunday till Wednesday during the hurricane.

Mrs. Woodrow Wright and daughters Misses Judy and Elizabeth Sue and Miss Mary Virginia Little of Houston visited relatives here and at Rosebud Saturday and Sunday night.

Mrs. Robert McCollum and daughters Joy and Sherry of Waco visited relatives here. They were accompanied home by Mrs. J. T. Prescott and Billie Jeff.

Friends here of Lt. Col. J. R. Gordon formerly of Burlington were sorry of his death Monday

Sept. 11 in San Antonio. He was reared here and was a son of the late Mr. and Mrs. Pat Gordon.

Ed Martin of San Antonio visited his mother Mrs. Mary Martin and brother Hugh recently.

There was no school at the public school at Burlington Tuesday as electricity was off.

Mr. and Mrs. Walter Hasselman and Louis and Cabot Casinger all of Houston visited Wied relatives here and Mrs. C. H. Heugatter in Rosebud.

Mr. and Mrs. Clarence Creyer and family of Houston visited relatives here and at Rosebud recently.

Mr. and Mrs. Jerry Glass and two children have moved from Cameron to the Litzman Hotel building in Burlington.

Rev. and Mrs. Bob Parker were dinner guests of Mr. and Mrs. J. T. Prescott and sons J. T. Jr. and Billie Jeff Sunday.

Mr. and Mrs. George Barkemeyer and daughter Georgia were in San Antonio Sunday to meet their son and brother Ogeene of Keesler Field who is on leave.

Allmans Celebrate 50th Anniversary

Mr. and Mrs. James L. Allman celebrated their 50th wedding anniversary at their home, 1302 W. 10th St., Saturday. A luncheon was served during the day.

Allman is a retired railroad worker and a veteran of World War I.

Lark Introduces Daytona Models

The 1962 Studebaker Lark family of cars goes on to display Friday at Rosenberg Motors, Cameron, featuring a new Daytona line.

Lark has numerous models in the Lark Daytona convertible, the Lark Daytona hardtop, the Lark cruiser, the Lark sedan, station wagon, two - door sedan, hardtop and convertible.

The Lark family boasts eight "glamorously styled new models", company officials announced. And they feature such options as:

Choice of engine size in 112 or V-8's in 180, 195, 210 and 225 horsepower ranges.

Four transmissions including a three - speed manual, optional overdrive, automatic three - speed and floor - mounted gearbox optional in Daytona models.

Optional Climatizer heater - defroster which is thermostatically controlled.

Stabilizer bar that reduces sway and roll.

Choice of seating arrangements including reclining and divided seats, sports car seats available for Daytona models.

Lavish interiors in a range of fabrics and colors in Deluxe or Regal styles.

And many more.

The modern Daytona series brings Studebaker Lark sports car dash in both a convertible or hardtop. These cars set the ast pace for '62 Larks in decor and operation features.

But traditional sound performance and engineering is found throughout the Lark cars, with refinements for '62 that make them a must for the fine car enthusiast, company officials said.

The compact fleet of Larks is built sturdily from a wheelbase of 113 inches. In a variety of beautiful colors and finishes, Lark is a grand tradition in the long, automobiles.

Milano

Miller Family Visits Relatives In Pasadena

Mr. and Mrs. Curtis Miller and daughters Evelyn and Beverly spent the weekend in Palestine as guests in the home of her parents Mr. and Mrs. R. V. Corbin.

Miss Lotti Butts was home over the weekend. She was accompanied home by Mrs. Ethel Parpain of Austin who also spent the weekend.

Guests in the home of Mr. and Mrs. Ray Woods over the weekend were Mr. and Mrs. Gene Ferrari and family of Austin.

Mrs. W. E. Thomas is visiting in the home of her daughter Mr. and Mrs. L. W. Lewis of Waco.

Guests in the home of Mr. and Mrs. O. T. Bankston recently were their daughter Sam H. Taylor of Oklahoma City, Mr. and Mrs. Ma-

rcos Bankston and daughter Linda, Leland Garrison. Bro. Jim Stewart and wife, Bro. Stewart held a missionary meeting at the Hoyte Church of Christ last week, a large crowd attended. There were visitors from Waco, Houston, Rockdale and Milano.

Mrs. Roy Woods spent several days in Austin last week visiting relatives.

Mrs. Taylor Lagrove has returned from a four weeks visit with her daughter, Mr. and Mrs. Bill Martin and son Billy. She was there for the arrival of her new grandson.

Mrs. Brady Little of Hanover was visiting in the home of her brother Mr. and Mrs. Jeff Morgan and family Monday.

Mr. and Mrs. Joe Garcia spent part of their vacation in Lubbock visiting her mother.

Mr. and Mrs. A. E. Kirkland and Mr. and Mrs. Damon Schandoin spent the weekend in Kingsland.

Mrs. Jack Lindsey and children of Houston spent several days in the home of her aunt Mr. and Mrs. Ed DeBeau. They were victims of the flood. They visited several days in Dallas before returning home.

Mrs. Joe Martin and daughter Joe Ann went to Austin Saturday where Joe Ann will enter Texas University there.

Mr. and Mrs. Carol Davidson and family are visiting in the home of Mr. and Mrs. John Davidson and family of Monohans. John was seriously injured while working on an oil well which exploded near Fort Stockton Sept 9. He is improved.

Mrs. Magie Roskey of Christman and Mr. and Mrs. Frank Sprill of Caldwell were guests of Mrs. Dan Robinson Sunday.

Mr. and Mrs. Gail Davidson were guests over the weekend in the home of her parents Mr. and Mrs.

Willard Pierce and family.
Mr. and Mrs. F. B. Burks accompanied by Mrs. Frame who was visiting them Sunday drove to Gause and visited in the home of Mr. and Mrs. Harvey Roper Sunday afternoon.

Highest point in Texas is Guadalupe Peak, 8851 feet.

PRUNING METHODS

The Texas Agricultural Extension Service has released a new publication, B-977, "Modern Pruning Methods". Copies are available at County extension offices or from the Agricultural Information Office College Station.

ATTENTION LANDOWNERS

DO YOU WANT A DAM ON YOUR LAND? Do you know there is no way to find out from the Elm Creek Watershed Authority whether you can get one.

If you do want a dam on your land, do you know there is no way to find out where the new proposed dam sites will be built on Elm Creek?

HOW IS THIS POSSIBLE, not to be able to find out what is happening on your property? The provisions of Senate Bill 415, sponsored by the Senator from this district, does not require plans to be prepared, filed, or approved before the bond election September 23rd.

PROTECT YOUR RIGHTS -- VOTE "NO"!

(Don't Be Confused ~ Vote on BOTH Issues)

(Paid by 30 owners of 9,010 Acres in the

North Part of the Elm Creek Watershed Authority.)

and Amos Daskocil last Friday night before a capacity crowd at Rogers Field.

The Yoemen backfield swapped ground with the highly - touted Rogers backs until the last quarter of play when hte Cameron line paved the way for 2 TD's.

Craig Wallace, 150 pound sophomore, racked up 139 yards rushing in 13 carries, averaging 13 1/2 yards per carry. Bayer crashed for 108 yards in 9 tries for a 10 yard average, and Daskocil totaled 139 yards in 13 attempts for a 9.9 average.

Defensive wonder, Johnny Richter, accounted for the games deciding touchdown; in the second quarter with the score tied at 6-6, he hauled in a pass off the arm of Bayer that was good for 44 yards and a touchdown.

Cameron broke the ice for the first time in the first period on a 3-yard plunge by Wallace. The drive started on the Cameron 12 yardline. From there, Daskocil ran for 38 and 17 yard gains and Richter caught a Bayer pass good for 17 yards.

The Eagles struck back midway through the second quarter on a 16 yard pass play from quarterback Jimmy Cowan to end Maxie Morgan good for 6 points. This drive originated on the Rogers 10. A 17 - yard pass from Brien Harbour to Ace Dyess and several shorter gains carried the ball to scoring position.

Neither team struck paydirt in the third quarter.

Daskocil started off the final period of play with a one yard plunge for 6 points, but it was Wallace who got the Yoemen out of a hole.

Following a 63 yard punt off the toe of Johnny Chervenka that gave Cameron the ball on their own 12 yardline, Wallace raced 59 yards on the first play from scrimmage. Daskocil and Wallace combined to carry the ball to the one yardline and Daskocil plunged over.

Seconds later, Thomas Leonard, 160 pound senior newcomer, intercepted a Cowan pass on the Cameron 38 yardline setting the scene for another Yoe tally.

Daskocil ran 14 yards to the 48; and from there Bayer went off right tackle for 48 yards and the Yoemen's final of 26 points.

Defensively, the Yoemen gave their best performance of the year. Thomas Leonard, James Edwards, Bobby Hillman and Stanley Kirk led the attack.

The Rogers backfield was everything it was touted to be. Ace Dyess, 185 pound fullback exhibited a show of speed that is unmatched in most double A schools, much less 23A Rogers. Cowan and Harbour, shifty and slick, were capable of breaking away at any time by air or ground.

Yoemen Quarterback Jimmy Woodum, alternated with Bayer in the lineup. Woodum called plays exceptionally well and produced handoffs and laterals with split-second timing.

FIRST QUARTER
Rogers received the kickoff and carried the return to their own 36 yardline. Fullback Carl Foster picked up 12 for a first. He followed with a 2 yard plunge and Harbour went for another 12 and a first down. Dyess picked up 3 and then was thrown for a yard loss by Thomas Leonard. A pass went incomplete and Chervenka punted 23 yards, Cameron taking the pigskin on their own 12 yardline.

Bayer carried twice to the 20 where the Yoemen were penalized 5 yards. Daskocil broke away for 17 and 48 yard dashes and Bayer hit Richter good for a 19 yard toss setting the touchdown scene.

WALLACE SCORES
Wallace went off the left side from the three yardline for the touchdown, his first in high school football.

The attempt to kick the extra point was blocked.

Rogers failed to make anyhead. Rogers failed to make anyhead. the Rogers 30.

The Yoemen picked up 2 first downs, one on a 20 yard gain by Bayer and then missed another first by a yard losing the ball to Rogers and ending the first quarter.

Rogers started their first TD drive on the Rogers 10 yardline. A dozen short runs, one 17 yard pass and 5 first downs placed the ball on the 16 yardline.

Cowan dropped back and bullet-nosed a pass to Maxie Morgan for 16 yards and 6 points. The PAT attempt failed.

David Walston got in on the action with a 6 yard pickup when Cameron gained control of the ball. Bayers carried 11 yards to the Rogers 44.

Johnny Richter faded out to about the 20 yardline on the next play and Bayer tossed to him for a play that totaled 44 yards and the second Cameron touchdown.

Bayer carried off left tackle for the two extra points.

Rogers fumbled on their fourth play from scrimmage and Cameron took the ball on the 50 yardline. Woodum lateraled to Bayer and he ending the first half.

THIRD QUARTER
The Yoemen received the kickoff and Daskocil got 22; Walston 7, Daskocil 4 and Ace Dyess intercepted an Ernie Bayer pass, giving Rogers the ball on the Cameron 48 yardline.

Stanley Kirk, James Edwards, and Bobby Hillman led the defensive attack for the Yoemen giving Rogers a fourth down situation with 6 to go for a first when Bayer intercepted an Eagle pass and carried to his own 44 yardline.

The Yoemen lost the ball on downs as did the Eagles, punting 63 yards to the Cameron 12.

Wallace broke lose on the first play from scrimmage for a 59 yard jot that placed the Cameron in scoring position.

FOURTH QUARTER
Wallace and Daskocil carried to the one - yard line. Daskocil carried off right tackle for the score.

A pass attempt for the PAT missed Rogers received the kickoff but lost the bal on the second play from scrimmage when Thomas Leonard intercepted a pass on his own 38 yardline.

Bayer went off right tackle for a 48 yard run in which he threw tacklers off all the way down. His TD was the last of the night The kick attempt for the PAT failed.

Rogers couldn't make any head-way because of the crashing Yoemen line consisting of Bobby Jones, Edwards, Bob Dymke, Kirk, Hillman, Leonard, Richter, Mike Koranek, Johnny Krenek, Joe Horsch and company.

Wallace carried four times in the games closing minutes for 64 yards. His last run, good for 39 yards, fell just short of the goal and the clock ran out making it 26-6 Yoemen on top.

Rogers Eagles To Play Temple 'B'

Rogers - For the fourth time in recent years, the Rogers High School Eagles will take on the Temple High School "B" team at the Eagle Stadium in Rogers Thursday night, September 21, at 8 p. m. In 1956, the Eagles defeated the B team 20 to 12; in 1957, it was Rogers 42, Temple 12; in 1960 the score was very close, Rogers 16, Temple 15.

A large crowd is expected for this football game.

The probable starting lineup for the Rogers Eagles will be Jimmy Cowan, captain, back; Ace Dyess, back; Brian Harbour, captain, back; Carl Foster, back; ends: Johnny Chervenka and Maxie Morgan; guards: Barney Knight and Larry Meyer; tackles: Leroy Hoelscher and Chandler Cisco; center, John Gunter.

OUT OF MY WAY - Amos Daskocil, 33, attempts to stiff arm Rogers Eagle Steve Castili, 12, out of his way as he moves around right end for a nice gain. Daskocil scored one touchdown in the 26-6 win over Rogers

New Look For Olds

The 1962 Oldsmobile 88's and 98's and Starfires feature a dramatic new styling silhouette with a longer, lower, sportier look, outstanding engine performance and quality and reliability unmatched in Oldsmobile history.

New models will be on display Friday at Mitchan Motors.

Jack F. Wolfram, general manager of Oldsmobile and a vice president of General Motors, said that these new full - size Oldsmobiles, and the 1962 Oldsmobile F-85 models, will be displayed in Oldsmobile dealer showrooms on Friday, September 22.

"The fresh new profile of our 1962 88's and 98's" Wolfram said, "has been achieved through completely different front and rear styling, new fender lines, and new crisp roof designs."

"The advanced roof styling," Wolfram said, "is typified in our new 98 Holiday Sports Sedan which combines the eye appeal of a Holiday coupe with the convenience and utility of a four - door model."

"And", he added, "Oldsmobile's entire line is further enhanced by the exciting Starfire Coupe. Making its appearance for the first time, the Starfire Coupe will incorporate all the features that have made the Starfire Convertible so popular."

Elgin, Yoemen To Tangle Friday

Billy Bates Fighting Yoemen, fresh from a 26-6 victory over the Rogers Eagles, travel to Elgin tomorrow night to battle their Wildcats.

Elgin will field a starting lineup averaging 162 pounds and host one of Central Texas' top quarterbacks in Larry Larsen, 175 pound speed merchant.

Last year Larsen paced the Wildcats to their 20 - 6 upset of Cameron. He scored twice and alternated between the quarterback and halfback positions.

He will have 180 pound fullback, Douglas Creppon, running behind him and a line that averages a sly 159 pounds in front of him.

Darrell Davis, 150 pound left end Jarrell Magnuson, 170 pound left guard; David Cannon, 150 pound right guard; and James Daughtry, 170 pound left tackle, will carry the bulk of the Elgin line.

Three 19AA Teams Victorious In Friday Action

At least three of the five 19AA schoolboy gridirons teams met with victory last Friday night.

The Yoemen toppled Rogers, 26-6 Hearne won over Franklin 44-12; and Rockdale upset Georgetown, 12-7. A & M Consolidated fell to Madisonville 22-16.

Rockdale - Georgetown was the surprise tilt of the week. The underdog Tigers scored early on a nine - yard trot by Ronnie Menn. Menn passed to Ronnie Seelke later in the second quarter for another six points and held The Eagles to a single TD in the third period.

Hearne went beserk against Franklin Friday night, 44-12 was the final count.

The victory was the third straight for the Hearne bunch. TD's were made by Tim Batson, 2, Butch Reed, Simon Martinez, Robert Neff and O. B. Fowler.

A & M Consolidated fell by the wayside against the Madisonville Mustangs, 22 - 16.

Fullback Jimmy Afee scored in the first of the third quarter and Russell Welch passed to Larry Randolph for the two extra points.

Welch scored on a two yard plunge in the same quarter and then ran over the two extra points.

The Mustangs tallied in the first, second and fourth quarters on short drives.

Status of Carroll Richter, 160 pound senior is still doubtful after a leg injury received in the Cameron - Rosebud game.

The Cameron starting offencrs will average 164 pounds; 160 pound backfield and 167 pound line. Heaviest man in the line is Eugene Schattle at 187. Bayer is les at 195.

The Wildcat line will average 159 pounds. Heaviest man is 170 pounds. Creppon is the heaviest at 180 of a 164 pound average backfield.

CCC Golfer Hits

Hole In One Shot

Mollie Burke, veteran Cameron golfer, Saturday afternoon shot a hold in one on the eighth hole at Cameron Country Club.

He hit the ace with a five iron over the 155 - yard distance. Burke rounded a foursome of Alton Fuchs Dr. S. H. Richardson and Charlie Burke, Club president.

Texas - present Capitol building was dedicated in May, 1888.

TO THE VOTERS OF ELM CREEK WATERSHED AUTHORITY

When was the last election of directors?
What is the assessed value of the Elm Creek Watershed Authority? Do you think the taxpayers should spend more than the assessed valuation of the land in the authority to protect a few acres on the stream?
Will a 25 - cent tax service the \$100,000 bond, buy easements and provide maintenance money?
Do you believe the people why buy \$100,000 in bonds at 6 per cent should be exempted from taxes? This provision is written into the law.
When a person owns \$100,000 worth of land, he pays taxes for county, state, schools, roads and everything else. Do you think 90 per cent of the people should be taxed for the benefit of the other 10 per cent?
The dams will not protect over 1 per cent of the roads in the Authority. What will you do with the rest?
Do you think land 300 yards from the stream should be exempt from taxation while land seven miles away ... and outside the watershed ... should be taxed?
Do you think it is the American way for the taxpayers to build a \$50,000 to \$100,000 dam on private property and then tax local people for the maintenance of this private property? It is unconstitutional.
What does the authority propose to do about the people who have been taxed who are not in the authority?
Do you think the dams are the proper way to control floods when silting will fill the dam in about 10 years ... under present land treatment above the dams?
Do you think it is right to build dams and cover 12,000 acres of fertile land that is now in use to protect 19,000 acres which are being flooded; and especially when some of the land is totally unfit for cultivation?
How many easements have you acquired in the last three years with the taxes we have been paying?
Do you think a senator should introduce a bill he had not read, have the rules suspended to pass the bill on the first reading and make it an emergency measure so it becomes law immediately ... when the voters defeated the proposition in an election one year earlier? Do you believe directors living outside the Authority should have the right to call elections and spend Authority money?

Mrs. Fuchs Speaks To Teague Club On Landscaping

Mrs. Leo Fuchs, Governor of District V, Texas Graden Clubs, Inc., was in Teague September 20, where she was a guest of the Teague Garden Club.

She presented a special program for this meeting on Landscape Design, "PLANNING AND PLANNING YOUR LANDSCAPE". Leaders in the garden club movement have seen the need to launch a new program and it was soon found that members throughout the nation were genuinely interested in learning to become appreciators and critics of landscape architecture.

Mrs. Fuchs has completed three in a series of four Landscape Design study Courses which have been offered by Texas Garden Clubs, Inc., held in conjunction with Texas A & M College at College Station.

Miss Grubbs Named Honoree At Shower

Miss Polly Ann Grubbs of Rockdale, bride-elect of Charles Schwarz of Sharp was honored with a miscellaneous shower held at the Recreation Building of the Tracy Methodist Church Wednesday night.

Hostesses were Mrs. George Young, Mrs. Walter Garner and Mrs. Lenza Caffey.

The bride elect's colors, pink and green were carried out in decorations and refreshments.

Mrs. J. D. Hart, sister of the bridegroom registered the 75 guests at a table decorated with floating water lilies in a large green bowl.

The refreshment table was laid with a white lace cloth over pink and centered with a miniature bride and groom and a floral arrangement. Appointments were of Crystal, Patricia Garner poured the punch.

Special guests were Mrs. M. W. Grubbs, mother the bride-elect; Mrs. Willie Schwarz, mother of the bridegroom and Mrs. J. L. Modesette and Mrs. Annie Schwarz, grandmothers of the bridegroom.

Miss Bowen Elected

Pres Of AH Class

Miss Lynda Bowen was named president of the 8A class in Ada Henderson at their recent election of new officers for the present school year.

Other officers are vice president, Thomas Harris; secretary-treasurer, Frankie Donahall; reporter, Bobby Schiller and assistant reporter, Dierdre Bashe.

Harrison McClaren is the homeroom teacher for the group. Homeroom mothers are Mrs. T. E. Harris and Mrs. Willie Kuhn.

Treasure Hunt For 3 Arts Club, Guests

A Treasure Hunt for members and their husbands opened the Three Arts club year Saturday evening. The "Hunt" ended at the home of Mr. and Mrs. Hilliard Thomas where refreshments were served on the terrace. A pirate theme included antique model ships on the serving line.

Planning committee for the party included Mrs. Dana Kestenbaum, Mrs. Don Humble, Mrs. James Wiggs, Mrs. Frank Luecke and Mr. Dana Monroe, club president.

"Our American Heritage" will be the study for the Three Arts Club this year according to Mrs. Dana Kestenbaum, program chairman.

Personals

Milano Beta Club

Elects Officers

The Milano Beta Club met to elect officers for 1961-62 Friday Loretta Heinz was elected president; Linda Cotten, vice-president; Carolyn Yoakum, secretary-treasurer.

Supt. Jim Griffin is the sponsor for the honor society this year. The National Beta Club is a non-profit leadership-service organization for high school students who meet certain scholastic and citizenship requirements.

CAMERON HERALD

VIEW ON SPORTS

— WITH ROBERT MANN —

A new star has been revealed Friday for the past three weeks during Yoemen football games.

The latest is Craig Wallace, 151 pound sophomore, who garnered 139 yards rushing last Friday night, scored a touchdown and is averaging 13½ yards per carry for the season.

Prior to football season, I said Craig would probably be just "strong" B team material until next year. This is as big a goof as last week's when Ernie Bayer was credited with throwing two 22 yard

Buckholts Edged

By Jewett, 31 - 27

In Scoring Contest

Jewett outscored Buckholts in free-wheeling game last week, 31-27 as Buckholts' Ruzicka passed to Buddy Inge for three touchdowns and ran 60 yards for another.

Jewett's George Coker scored three times, one on a 60-yard sprint to lead the winning team.

Jewett lead at the half, 12-7. Buckholts scored first on a Ruzicka pass and the PAT was good to make it 7-0. Jewett countered for a TD, but missed the point from five yards out to take a 12-7 lead.

In a free scoring second half, Coker led Jewett scoring with three touchdowns, the final one a 50-y sprint to counter the final Jewett points at 31. But Buckholts' Ruzicka broke loose for a 60-yard dash to close the gap at 31-27. Buckholts was making another drive when the game ended.

Falstaff Team

In First Place

The Sunshine Bowling League finished their third week of play Monday with the Falstaff team in front with a 10-2 record. Next is the Citizen National Bank team with a 8-4.

Falstaff also had a 2059 team series and a 695 game to take top series and third best game. Western Auto had the top game and second best series with a 765-2004. The Leader Dept. Store team had the second best game with a 729 while Citizens National Bank had a 1957 series.

Irene Mees had a 467 - 172 for top series and third place game. Lou Monroe had a 455 and Frances Villines a 441 for other top series. Kathryn Jeter had the best game with 186 followed by Rose Mary Matula with a 177.

Childress Leads In

Cam - Roc League

Childress Real Estate holds the top place in the Cam - Roc bowling league with a 7-1 record. Pearl Beer and Mondriks Minimax are second with a 6-2 record.

Mondrik's Minimax had a 2223-783 to take the top series and game. Greens had second place in both divisions with a 2140 - 751 and Childress had a 1929 and Pearl a 666.

Annette Mees took top individual honors with a 519 - 190 series and game. Marie Ann Laake had a 471 series and Gladys Titsworth had a 450. Ida Michalka had a 169 game and Irene Mees had a 1166. Annette Mees holds top place with a 157 average.

Pontiac Presents Many Models

"Pontiac intends to continue its leadership of the medium price class in 1962 with an imposing line-up of new cars which are unparalleled in beauty, performance, handling, reliability and riding comfort," said S. E. Knudsen, General Motors vice president and Pontiac Motors Division general manager as he introduced the new regular size Pontiac line.

Models in the 1962 line are on display at Woodum Auto Sales, Cameron.

Four luxurious Bonneville models, two distinctive Star Chiefs and seven cars in the lower priced Catalina series comprise the new line, he announced.

In detailing the car's new features Knudsen pointed to all new

styling, improved V-8 engines, extended lubrication limits up to 35,000 miles, a Circ-L-Aire heater standard for all series, more rugged suspension and smoother operating Hydra-Matic transmissions.

"Exclusive new styling both inside and out conveys a dramatic prestige look throughout all thirteen new wide track models," Knudsen declared. "A spectacular V-shaped front end, sweeping side sculpturing, an expansive rear end design and new custom roof styling - resembling convertible top design on sports coupe models - are major contributions to the car's exciting new exterior appearance," he revealed. "Further Pontiac Magic - Mirror finishes of durable, high gloss acrylic lacquer - available in fifteen eye-catching solid colors and a wide assembly of two-tone combinations."

Completely new Pontiac interiors according to Knudsen, are designed for the ultimate in operator and passenger comfort, safety and convenience. Richly appointed instrument panels feature cushion pads and distinctive ornamentation for each series. Attractive seat coverings of Jewelltone Morrokides or pattern cloths and genuine leather are color keyed to harmonize with exterior finishes. All models include deep loop pile door-to-door carpeting.

Power for the new line is supplied by Pontiac's renowned Trophy 425 engine. The big 389 cubic inch V-8 is offered in a broad sele-

CAMERON, TEXAS, HERALD, SEPT. 21, 1961, Page 7

ction of model variations with horsepower ranging from 215 to 248. Standard with synchromesh transmissions in Catalina and Star Chief models is an 8.6:1 compression ratio engine equipped with two-barrel carburetor. An 8.6:1 engine with four-barrel carburetion is standard with synchromesh in Bonneville. Both standard engines as well as the 425 economy V-8 at no extra cost option with Pontiacs using Hydra-Matic transmissions, can operate on regular fuel.

Additional engine options offer compression ratios up to 10.75:1 and a choice of two, four or triple two-barrel carburetion.

When a car is this beautiful, you know Pontiac built it!

Who else but the builder of those front-running Wide-Track Pontiacs could bring out a car so freshly and finely styled! It's longer, with a crisp, low silhouette. It's distinctly Pontiac, with a new twin-scoop grille you can recognize a block away. Powered by the potent Trophy V-8, with 215 to 348 h.p. Beautifully poised on Pontiac's famous Wide-Track stance. We've even cut the turning radius as much as 3½ feet to make handling easier. The result is a pride-pleasing new version of America's Number One Road Car. Come on in—and let a Pontiac show you its stuff while it's showing you off!

HORSTMANN BROTHERS

UN's Hammarskjold Dead...

The United Nations is in serious danger with the death of Secretary-General Dag Hammarskjold. He died in a plane crash in North Rhodesia.

Russia's Khrushchev was rumored to be on his way to New York for an immediate appearance at the session coming up. President Kennedy already has announced plans to speak tomorrow.

This turn of events, rushing into the void left by the Swedish diplomat's death, all came within a few hours after he was known to be dead.

Reports indicate that Khrushchev will press for his "troika" or three-way secretariat, one communist, one

neutral and one westerner. It would bring the veto, already abused by Russia in the Security Council, to the Secretary-General's office or offices. It would probably turn the UN into "a powerless debating society."

Hammarskjold was a marked man since turning the Russians out of the Congo by UN action in 1960. Khrushchev pounded his fist when the Swede refused to resign last year. With the circumstance of his plane crash still in question, it is possible that someone triggered its destruction.

There is no question that the UN's future is in jeopardy and its effectiveness greatly curtailed.

Response Affirms City's Aid

Cameron has received affirmation of her role in caring for some of Hurricane Carla's victims. A letter from an East Bernard resident tells of one family's appreciation.

It was in tone first established by a statement from the mayor of West Columbia last week. He also voiced his profound appreciation for care shown Brazoria County residents.

Two local contributions have followed the efforts of the Cameron community in assisting Carla's refugees. Roland Dansby new laundry owner here, has washed and cleaned 400 Army blankets free of charge. And F. A. Marek, pioneer Cameron merchant, donated \$200 for refugee funds, part of a \$1,000 goal sought for the purpose in Milam County.

The continuing response to the needs of the Hurricane Carla emergency is a story adding dimension to a tragedy averted, but a property catastrophe complete.

There is news of another hurricane roaming the seas along the Southeast Atlantic States. Warnings are out. Millions of Texans and Louisianans are hoping it does not strike the mainland as fiercely as Carla.

Cameron was spared all but the task of helping hundreds of those who left the Coast. Now that they are returning and finding time to consider their fortunate escape out of the destruction, they write of Cameron's and other cities' assistance, which was certainly deserved.

Refugees On Capitol Grounds

By Vern Sanford

AUSTIN — Hurricane Carla had its impact on the State Capitol. But not like it did on the Coast.

Refugees camped on the Capitol grounds the first night of the storm. They were moved into public buildings as the rains reached Austin. Several giant trees on the Capitol grounds were blown down, and the Board of Control estimated damage of \$5,000 to Capitol grounds and buildings.

State officials were busy, too. Gov. Price Daniel's on - the - scene inspections led to several coastal counties being declared disaster areas. Thus they became eligible for Federal aid.

State Insurance Chairman Thomas Ferguson announced that several hundred insurance adjusters had moved into the coastal area to begin estimating damages to insured properties.

So far no one had any estimate of the total damage Carla did to Texas.

One sure thing is that insurance companies, which have taken in about \$15,000,000 in premiums this year for windstorm and rain damage in the seacoast territory, will have substantial losses to pay above their income from this source.

MORE SALES TAX RULINGS
Comptroller Robert S. Calvert is still issuing rulings on how the new state sales tax applies to specific sales situations.

He has changed his mind for the first time. It's on the subject of

LETTERS

P. O. Box 102
East Bernard, Tex.

TO CAMERON'S WONDERFUL PEOPLE — FROM CARLA'S REFUGEES.

How does a person go about giving thanks and gratitude when just mere words are not enough to such wonderful people living in Cameron, Texas -- when they accept you into their lovely, private homes -- you as a stranger -- with open arms and warm hearts. These kind of people live in Cameron, Texas.

When Hurricane Carla was shaking her iron fist at Louisiana and Texas coast, people along the Gulf Coast took off for the hills into heart of Texas and right into Cameron.

Leaving your beloved, and everything you worked for -- for many years, to the mercy of nature's destruction as Hurricane Carla was, and then be welcomed with open arms and warm hearts, is something you never forget -- even if you get to live 100 years -- every-time your memory goes back to the experience, a tear will fall from your eyes and a lump will form in your throat, thanking God that there are wonderful people living on earth and you find them in Cameron.

I am positive that this feeling is mutual and shared by all the people of the Gulf coast that were so welcomed in Cameron.

My wife, daughter and I, my daddy 83 years old, my mother, 83 years old, my sister, her husband and their two daughters had the wonderful privilege of staying with Mr. and Mrs. Walter Lester, Frank Drgac, and Alvin Mondrik. They gave us shelter, food and their best hospitality that any man woman and child could ask for.

Upon arriving in Cameron, Sunday, Sept. 10 at the Milam Motel which was already filled to capacity, I called Mr. Lester about our situation and he immediately came over to take us to his and Mrs. Lesters home.

Upon arriving at their home we discovered they already had taken into their home three people.

So Mr. and Mrs. Lester really had a full house. Then they called Mr. and Mrs. Frank Drgac and Mr. and Mrs. Alvin Mondrik.

So our little caravan fleeing from the hurricane was divided and taken by these three wonderful families.

All we can say to you wonderful people of Cameron -- Many, Many thanks from the bottom of our hearts and may God pour His blessings upon you, which you so richly deserve. We will say a prayer to God thanking him for guiding us to such wonderful people in Cameron.

I also wish to thank from the bottom of my heart to Mrs. Matula, "the sweet lady who has the Czech program on KMIL" for being so kind and sweet to my aged parents. I am sure they really appreciated her kindness and thoughtfulness for being so kind to them.

East Bernard, Tex.
Sept. 14, 1961

Cameron Herald,
Cameron, Texas.
Gentlemen:

I am sending you a little note to print in your paper thanking your wonderful people for giving us such wonderful help during the terrific Hurricane Carla.

Many thanks for your wonderful help.

With kindest personal regards I remain

Sincerely yours,
Joe W. Vanek

Letters

Troy, Texas
Sept. 19, 1961

Editor

The Cameron Herald
Cameron, Texas

Dear Editor:

There has been a little publicity about the Elm Creek Watershed Authority Bond Election of Sept. 23 in area papers.

The articles show results of the lack of upstream flood control, but we saw no publicity given the so-called emergency measure that created the Elm Creek Watershed Authority which we believe is an illegally created authority, and which we have to be in conflict with powers and procedures of any water control and improvement district under general laws.

Before the Sept. 23 bond election is held, we think the people should know these significant differences.

We do not oppose conservation of land, or water but we do disapprove of the approach that has been taken

by the self - created authority, by the absolute powers with which they invest themselves concerning inconsistent taxation of the landowners, unconfined use of the funds acquired by bond issue and taxation, methods of acquiring easements and most of all - conflicts with water laws in general.

SIGNIFICANT DIFFERENCES BETWEEN POWERS AND PROCEDURES OF THE ELM CREEK WATERSHED AUTHORITY, UNDER ORIGINAL ACT AS AMENDED AND THOSE OF A WATER CONTROL AND IMPROVEMENT DISTRICT UNDER GENERAL LAW: AND RELATED COMMENTS:

1. The Authority is not required to hold an election to confirm its organization or to select the initial Board of Directors to replace or re - elect those appointed by the Act. Articles 7880-23 and 7880-25, V. A. C. S., require confirmation elections and, in the case of the

appointment of the Directors by the Board of Water Engineers for districts created by such Board, require confirmation or replacement of the Directors so appointed.

2. Hearings to pass on whether lands should be excluded from the District shall not be held by the Authority. Article 7880-76 requires such hearing from General Law Districts.

3. The Authority may use only the ad valorem plan of taxation; because of conflicts between Sections 6 and 10 of the Acts as amended, it is open to question whether the Authority can change the plan of taxation. Article 77a, requires public hearings on the adoption of a plan of taxation for a General Law District.

4. Maintenance taxes can be levied and proceeds spent for purposes other than maintenance, e. g., for easements and rights of way retirement of bonds and any purpose for which bond proceeds could be spent. Articles 7880-103 and 7880-109 authorize the use of maintenance tax proceeds for purely maintenance and operation purposes.

5. Approval by the Board of Water Engineers of construction plans prepared by the Soil Conservation Service is not required prior to issuance of bonds to finance the construction project. Under Article 7880-139 General Law Districts much have approval of the Board of Water Engineers prior to issuing construction bonds, regardless of who prepares the plans.

6. Plans of improvements need not be filed in the office of the Authority prior to an election on bonds to finance the improvements, if the plans are prepared by the Soil Conservation Service. Article 7880-78 requires a water control and improvement district to file such plans in its office in every instance prior to a bond election.

Respectfully,
T. E. Glascock
M. T. Rea

Outdoors In Texas

By Vern Sanford

Do you own a pistol? If so, chances are you've violated the law. Furthermore you could be fined from \$100 to \$500 or jailed for one month to one year.

Sure! I know you're not the criminal type. But as far as the law reads, anyone who owns a pistol evidently must be so regarded. Actually, just owning a pistol and keeping it on your own premises isn't against the law. In fact the law says you can even bring it home from the store where you bought it and not be fined or jailed. Yep, you can also take

it to the hock shop to sell it. But that's about where the privilege ends.

Unfortunately, a gun kept at home for self protection isn't much good unless you know how to shoot it. Most of us being city folks, and with cities frowning on our basting away in our back yards, we must head for the country to get in some target practice. That's probably our first step into the criminal - type class.

The law just doesn't recognize your right to fire a pistol, unless you're on your own land. This is so even though you may have permission from the man on whose land you wish to shoot.

Texas courts actually have held that carrying a pistol while hunting is a violation of the law.

Target shooting is no exception either, so don't get the idea you're safe in that respect.

Even if you're on an approved city target range you're violating the Texas law unless you are a militiaman or peace officer in the actual discharge of your official duty.

If you're an off duty policeman and have a pistol in your possession you too could be violating the penal statute.

Biggest exception to the law is the recognition of one's right to carry a pistol while traveling.

But, Texas courts get somewhat shortsighted on just what is traveling, too. They don't recognize that you're traveling unless your trip is long enough to require you to be away from home overnight. Big test is whether your destination is far enough from your home that you'd have to remain away overnight.

They're pretty cautious about the route you take, too. They judge the distance, not by the route you follow, but by the most direct or most commonly used route. Kinda rough on salesman. Isn't it?

I'm no lawyer, but it seems to me that if you lived in the city and wanted to do some target practices, or fire that little desk drawer pistol, you'd have to drive at least a day's distance, whatever that may be, from home. But to be on the safe side, be sure you've taken the shortest or most traveled route. And don't go hunting with that pistol while you're enroute to or at your destination.

Sounds ridiculous doesn't it? Well it does to me, too. Luckily this is a Texas law and not a federal law. Our country was founded on the right of the public to bear arms. It's own security may some day depend on the populace being armed and proficient enough to use those arms.

I know these are problems in designing laws that will enable the police agencies to control the so called "criminal element." But I still think that there's a better solution available than branding us as "criminals" if we merely wish to partake of the sport of plinking, varminting with pistols or participating in tournament shooting matches with pistols.

Surely there is a better answer. I hope that some day our Texas legislators find the answer.

TWO GUNS IN ONE
On the subject of shooting, you'll be interested in this.

One company has come out with a 7-shot, clip magazine, both action, Model 340 TR rifle that actually is two guns in one. It is both a plinking rifle and a trap-shooting shotgun in .22 caliber.

Reason it can shoot both rifle and shot shells is its smooth bore barrel is designed to hold two interchangeable, 3 1/2 - inch adapter tubes.

One tube is rifled. The other is smooth bore. These screw down into the muzzle where they are out of sight except when you look right at the muzzle end.

With the gun and two adapters, comes a belt loop target carrier that holds 20 miniature clay targets and a hand trap for throwing the target.

I say this is "best" because it answers a big problem of many would - be target shooters. That problem is the availability of an assistant or target thrower. Lots of men would shoot clay pigeons, now and then, if they had someone to throw the targets.

On the other hand they don't do enough shooting to justify the purchase of clay pigeon equipment that's self operating.

Miniature clay target shooting is mighty exciting too. As the effective range of the .22 long rifle shot cartridge with No. 12 shot is a mere 50 feet, you have to get on that target quickly.

Youngsters love it, as there's no recoil and the targets "blow up" when hit. Daddy loves it because both targets and ammo cost less and the short danger space from the shot shells makes it safer and easier to find a suitable shooting range.

Local Dealers View

1962 Model Autos

DALLAS — Dodge dealers across Texas gathered in Dallas September 13 to view the new 1962 Dodge, Dodge Dart, Dodge Trucks and Dodge Lancers.

Attending the showing were the Cameron Dodge dealers, Jerry and Milton Schiller. Accompanying them were Joe Kovar, Benny Juergens and Hollis Erwin.

FORT WORTH — New car dealers from Cameron and other cities through Texas and New Mexico viewed the forthcoming new 1962 Plymouth, Valiant, Chrysler and Imperial cars for the first time Tuesday at a special preview showing for the dealers at Will Rogers Coliseum.

Cameron area dealers attending the premiere showing of the 1962 cars here include Milton J. Schiller and Littleton Barrett of Schiller Motors and M. C. Duncum of Duncum Motors.

Farm Scene

Good Milking Practices Will Increase Profits

COLLEGE STATION — Dairy men are missing a chance to increase profits by failing to emphasize a first rate milking job. Quality forage, a good breeding program and disease control are important, but the actual harvesting of the milk is just as important, points out A. M. Meekma, extension dairy specialist.

One way to improve milking practices is to cut down the time the milking machine is on the cow. How can this be done? Meekma says to check the entire milker system. Be sure the vacuum pump is in good working order. Also make sure the oil level is right and the belts are in good condition and not slipping. Check the air intake valve or vacuum controller and screen to see if they are clear of dirt. Check the vacuum gauge and be sure the vacuum in the pipeline is at the recommended level. Also make sure the milking machine is in top working condition.

Prepare each cow just before the machine goes on. Use a single service paper towel soaked in sanitizer water or use a warm water hose to wash the cow's udder. Dry with a paper towel. Massage the teats and lower part of the udder until the cow lets her milk down. This may take 15 seconds, 30 seconds, or a minute, depending on the individual cow. When cows are being trained to milk rapidly, a little extra time spent in preparation will save time later, says Meekma.

When the milk is let down, strip two or three streams into the strip cup or some other detecting device and check to see if the milk is normal. Then put the machine on immediately. Manage time so the cow can be checked again in from two to three minutes. If ready for machine stripping, machine strip and remove the milker. Delay in removing the machine when milking is completed trains the cow to milk more slowly.

4-H Club Notes

By Pat C. Garner
Ass't Milam County Agent
Milam county 4-H members plan to show steers, swine and lambs at the Heart O' Texas Fair in Waco and the State Fair of Texas in Dallas.

Pat and Nan McClaren, daughters of Mr. and Mrs. H. L. McClaren of Marlow will exhibit three Shorthorn steers in Waco and Dallas fairs.

Brent Laywell, Madeline McClaren, Donna Dubois, Susan and Henry Abel, Jr., will exhibit fat lambs at both shows.

Dennis Jistel, Susan and Henry Abel, Jr., will exhibit barrows at the shows.

Fencing Costs Can Be Cut Up To 50 Per Cent

Cattlemen can cut fencing costs from 30 to 50 percent by using a new type of construction proved effective in 2 years of testing at the Texas Experimental Ranch near Throckmorton, according to County Agent J. D. Moore.

Four strands of 12½-gauge barbed wire are recommended for the revolutionary "suspension" fence, but line posts should be set 100 feet apart. Spiral wire stays spaced at 10 to 16 foot intervals between the posts hold the wires firmly in place.

Several advantages are claimed for the suspension fence, the agent said. First is the obvious savings in material and labor. Of equal importance is the fact that it holds cattle as well or better than standard fences. When cattle hit the suspension fence, its springing action tosses them back preventing wire breakage and costly repairs. This type of construction is best suited for cross fences and generally is not recommended for the boundary fence.

Moore said that most dealers who handle barbed wire also stock spiral wire stays or can order them for their customers.

AUCTION REPORT

A total of 340 cattle and 178 hogs were consigned to the Cameron Livestock Auction in the Thursday sale.

Prices paid were:

STEERS		
Good & Choice Fed	21.50	22.50

National Fire Prevention Week October 8 - 14

COLLEGE STATION — Farm fires caused losses estimated at \$165 million in the nation last year. W. S. Allen, extension agricultural engineer, said the figure was supplied by the U. S. Department of Agriculture.

Building losses accounted for about 65 per cent of the total loss payments by companies for which a breakdown by property class was available, he added. Almost three-fourths of the building losses were on main buildings — homes and barns.

Allen continued that now is the time for neighbors to attack this problem of fires, and suggested that special emphasis be placed on fire prevention during National Fire Prevention Week, October 8-14. This period is just ahead of the month when farm fires take their greatest toll. November was the peak month last year. Four-fifths of all 1960 farm fires and 84 percent of the lives lost occurred during the six months from October through March, Allen said.

President John F. Kennedy in his proclamation designating the special week said, "Our communities and the Nation can ill afford this inexcusable waste of our resources."

Family training in fire hazard removal and fire fighting and drills for establishing escape routes in case of fire were suggested by the engineer as things families and neighbors could work on together. Farm families, in particular, he added, must rely on their own fire safety training, fire prevention check-ups and fire protection measures to safeguard their lives, income and property.

Rogers Bus Drivers

Awarded Merits

For Safe Driving

Rogers - All bus drivers of the District have been presented the Award of Merit certificates again, for safe driving during the school year 1960 - 61 according to an announcement by Supt. B. F. Harbour.

Guy Whittington, a veteran driver with many years experience, was one of those receiving the awards. Due to ill health, Whittington was forced to retire from work during the school year. Substitute drivers were used, with Farris Clemons finishing up the year for Whittington and earning one of the awards.

Other drivers receiving the Awards are: Dal Coleman, Kenneth Beverly, J. T. Fischer, Ben Adams, Wess Murphy, W. S. Arnold, Jr., Jack Mauldin, Eugene Kaltwasser and A. A. Kretschmar.

The award program, sponsored and conducted by the Texas Safety Association Inc. and local schools is designed to give public recognition to school bus drivers with accident-free records for the past school year. These awards were signed by Victor O. Shaugo, president and J. O. Musik, general manager for the Texas Safety Association and by Supt. Harbour for the Rogers school system.

Rogers Homemakers

Hold Meeting;

Appoint Committees

Rogers - The Future Homemakers of America of Rogers High School met for the first time on September 14 in the gymnasium. The meeting was called to order by the president, Molly Ann Gunter. The opening ritual began the meeting Carol Mikulas, secretary, read the minutes of the last meeting held last spring.

Committees were appointed and announced as follows: Degree committee: Carolyn Kotrola, chairman, Delores Chervenka, Margaret Pachal, Bulletin Board: Trudy Mikulas, Kalyn Baca; Yearbook: Nelda Bravane, chairman, Johnette Mikulastik, Linda Keith, Diana Engbrock; Hostess committee: Carol Mikulas, Betty Jean Zabick; Finance: Linda Green, Chairman, Marilyn Schneider, Barbara Biskup;

Song Book Committee: Rita Taylor, chairman, Barbara Smith, Charlee Tharpe, Peggy Green; Baby Sitting Committee: Georgea Vasicek, chairman, Pat Rabrocker, Carolyn Jarma, May Swinney.

The dues for the year were set for \$1.00 per member. There will be a tea on October 7 at noon at the Homemaking Cottage. Dues will be payable at that time.

"Silver Spoon", a skit, was laded by Nelda Barvenec with the help of the other girls. The president led in the closing ritual, after which refreshments were served to all those present, Betty Jean Zabick is the reporter.

St. Anthony's 4-H

Elects Officers

The St. Anthony 4-H Club held their first meeting of the year recently and elected officers.

year are Pres., Gwendolyn Jistel, vice - president, Arthur Jistel; sec., Jo Ann Kovar; Reporter, Bill Ellen; council delegate, Joe Paul Mueck; Recreation leader, Jane Mueck; adult leaders, Joe Paul Mueck, Mr. and Mrs. Hubert Jistel and Mr. and Mrs. Raymond Jistel.

CONTINUED FROM PAGE 1

decaying the shredded material. Later in the fall, he beds the land for cotton. In March of the following year, he puts down 200 pounds to the acre of 16 - 20 - 0 fertilizer.

"This amount of fertilizer will make a bale an acre cotton crop on most of these soils," Moore points out. "Cutting down on fertilizer also cuts sharply into the yield. Farmers who use little or no fertilizer come out with a bale to five or six acres. Soil testing is an important part of soil management."

Weed control is one of the important cultural practices. By deep bedding the land in the fall, Moraw is able to get by with two cultivations during the growing season for weed - free cotton.

FLAME CULTIVATION

There is interest among some of the farmers around Cameron in flame cultivation of cotton to control weeds. Cotton is flamed when it is about a foot high and when weeds are 3 to 6 inches.

Flaming kills the grass and weeds in the cotton drill, making it easy to clean out the middles with sweeps to finish the job. Cost for flaming runs about \$1.45 an acre which includes 55 cents an acre for butane fuel.

Moraw works his cotton in rotation with grain sorghum or with oats for seed production. The oats in turn, provide winter grazing for 60 mother cows and their calves. Other grazing from April to December comes from 125 acres of Coastal Bermuda Grass, a part of which is baled for winter feeding.

Calves are creep - fed and go to market at 7 to 8 months weighing 550 pounds. Thus, the cotton inspires a well planned cropping and livestock program for this blackland farm.

MORAW'S CHOICES

Two varieties of cotton seem to give the best results on Moraw's farm: Lankhart and Gregg. He harvests with a stripper, and these varieties lend themselves to high efficiency with this kind of harvest machine.

"Controlling insects is another important practice," Moraw insists. "I use early season poison, perhaps four times, then follow with late season controls as many as seven times."

Defoliation, a necessary prac-

tice with stripper harvesting, costs about the same per bale regardless of production - about \$2.50 to \$3 a bale. "Light producing cotton does not require very much defoliation," Moraw points out. "Heavy producing cotton may require three or four times as much defoliant material."

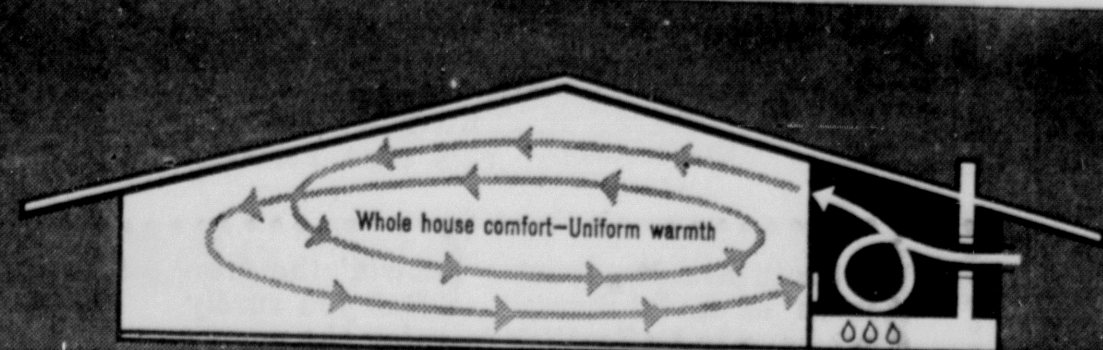

Moraw figures his break - even point at one - half bale an acre.

CAMERON, TEXAS, HERALD, SEPT. 21, 1961, Page 11

"A crop of 3-4 bale an acre will bring satisfactory returns," he explains, "and a bale to the acre is a profitable crop. Sometimes, the expenses may be extra heavy and the costs jump to the equivalent of 3-4 bale an acre; but I still have some net income with a bale to the acre yield."

DON'T SCRATCH THAT ITCH IN JUST 15 MINUTES.
If the itch needs scratching, your skin back at any drug store. Use ITCH-ME-NOT to check eczema, ringworm, insect bites, foot itch, other external itches. You feel it take hold. Then Itch-Me-Not is applied. Instant-drying. TODAY at SCHILLER PHARMACY

SAFETY-FRESH

...with "FRESH-AIR" GAS heating

Safest by far for 'round the clock comfort, gas heating systems are engineered to use fresh outside air to make a GAS heating system your safest buy. Enclosed within the heat exchanging unit, the gas burner warms — but does not contact — the fresh circulating air... the safest type of heating for your family's comfort. "Fresh-Air" gas heating puts fun into winter living. With "Fresh-Air" gas heating, a never-ending flow of fresh outdoor air is warmed and circulated uniformly throughout your home. All smoke and stuffy odors are whisked away. Only the economy of GAS puts this advantage within reason. "Fresh-Air" gas heating cuts colds! With "Fresh-Air" circulation there is no stale air to coddle germs... you enjoy a healthier, happier life. And you can add summer cooling with gas thriftily and easily. "Live modern for less with GAS Heat"

NOW! A NEW WORLD OF WORTH!

NEW FROM DIESEL TO DAZZLE!

'62 CHEVROLET JOBMASTER TRUCKS!

WITH NEW High Torque Power

Here they are—handsome, functional '62 Chevrolet trucks powered to work harder in every weight class with the highest torque in Chevrolet history.

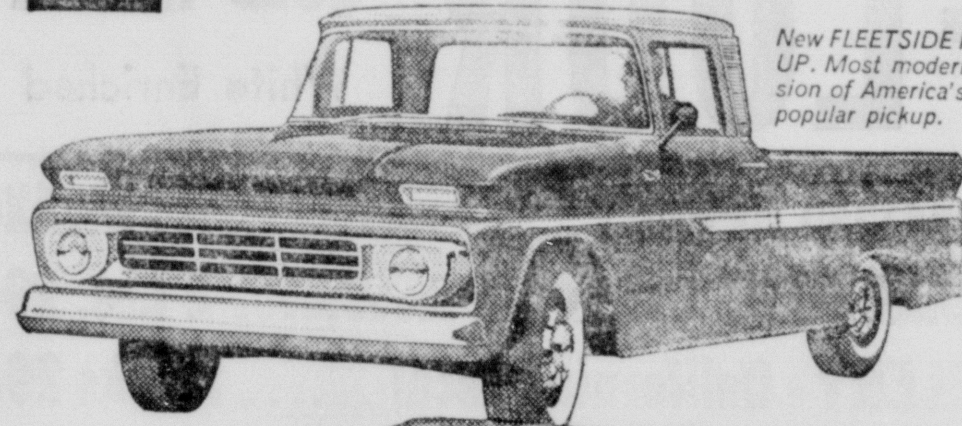

Meet the eagerest, earningest crew of new trucks that ever shouldered a load!

There's a wider choice of power, a wider choice of torque, across the board. For heavies, there's the new High Torque 409 V8*, with 16½ per cent more torque than ever before available from Chevrolet. Big news in the middleweight class is the new Chevy-GM 4-53 Diesel, backed by years of GM Diesel experience. In the light-duty line-up, the High Torque 261 Six* adds new sock in extra-tough applications. All told, you can pick from nine rarin'-to-work, ready-to-save '62 Chevrolet truck engines.

Handsomeness new work-styling includes forward-sloping hoods that allow drivers to see as much as 10½ feet more of the road. Chevrolet's famous Independent Front Suspension gives you a smoother riding, easier working, longer lasting truck. New heavier duty, smoother hypoid rear axles add new beef and brawn in the middleweight class. Rugged new I-beam front axles* of 9,000- or 11,000-lb. capacity are available on Series 80 heavyweights. Mufflers are longer lived on all models.

You'll find a total of 198 models in the new '62 Chevy line—including three work-proved, versatile Corvair 95's. Every model is built to out-haul, out-last and out-value any other truck at anywhere near the price. See your Chevrolet dealer!

*Optional at extra cost

New FLEETSIDE PICK-UP. Most modern version of America's most popular pickup.

New SERIES 60 DIESEL. Diesel savings and Chevy durability.

New SERIES 80 TANDEM. Best choice for the big ones! Has extra-rugged K-braced ladder frame and true-tracking Eaton-Hendrickson tandem bogie.
